

Attending MariSAR 2015 online

1. You must be connected to the internet, preferably wired to avoid “cuts” and reconnection.
2. You may use any internet browser, although we recommend using **explorer**.
3. Type the following URL : <http://meeting.uct.ac.za/r2ds5apx488/>
4. This will direct you towards the login page as shown in Fig.1.
5. Select enter as a guest, type your name and press enter room.

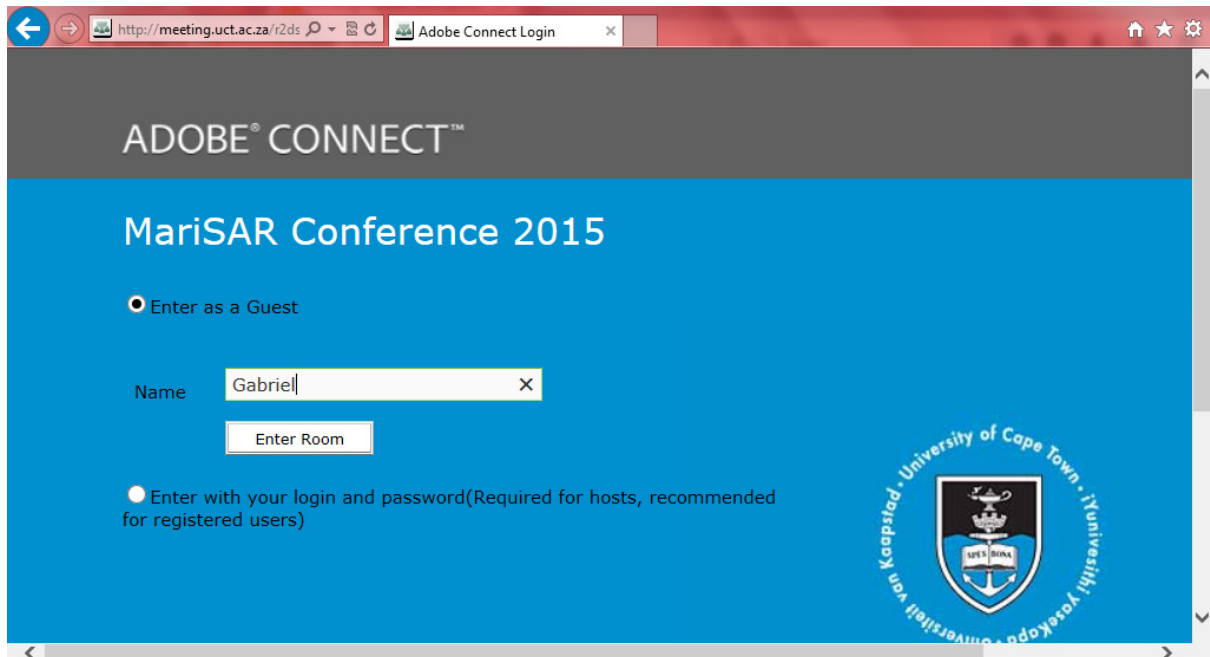

Fig.1: Interface at the login page

6. The adobe meeting window appears as in Fig.2. You can see your name in the list of Participants.
7. Not shown in Fig.2, the document of the presenter appears in the main window while the webcam at the bottom left shows the conference room.
8. At the end of the presentation, during the 5 minutes time window allocated for questions you can ask one question following a 2-step procedure as shown in Fig.3. First you must connect your microphone, second you must notify the e-chair by raising your hand. You will then be authorised to ask your question.

NB: note that you can come in and out although a good practice is to avoid incessant log in/out.
